

## Alternate Housing Policy

While we are a private school with a significant dorm program, we recognize that some of our students will benefit from living outside of the dorm. We want our students to live in an environment that is safe, appropriate for a CHS student, and conducive to their growth. These 'host home' arrangements ***need to be approved*** by the school. If you are planning to live outside of the dorm for the 2008/2009 school year, make sure that your host home has been approved; for further information, please contact Nathan Wall at [nwall@briercrest.ca](mailto:nwall@briercrest.ca) or at 756-3360.
