

FIELD EDUCATION
PRIOR MINISTRY ASSESSMENT

Name: _____ Student box (if applicable): _____

Phone #: _____ Email: _____

Year of high school graduation: _____

From which program of study are you intending to graduate? _____

Please note: If you have had extensive ministry experience prior to registering as a student with Briercrest College and Seminary or Briercrest Distance Learning, you might want to consider the Prior Learning and Ministry Assessment process. This process allows you to challenge other Briercrest course credits along with Field Ed. credits.

The purpose of the Field Education program is to encourage students to be involved in ministry on a weekly basis while enrolled at Briercrest and to develop various skills through practical ministry experience. One credit is granted for each Field Education course that is successfully completed. By filling out this assessment form, you are asking to receive credit for ministry involvement prior to being a student at Briercrest. It is possible to receive up to six Field Ed. credits (depending on the program from which you want to graduate) based on the extent of your ministry involvement as described in your report. You will be charged \$75 for the assessment and \$20 for each credit granted.

Please attach a report of the various ministries in which you have been involved after graduating from high school. Please include the overall dates and weekly time commitment that each ministry required of you. Briefly state the capacity and extent of your involvement in these ministries along with a personal evaluation and assessment of your experience. Do not include any ministry experience that is already being used for transfer credit from a previous post secondary educational institution.

Please attach a letter of verification from appropriate supervisors for each of the ministries you have included in your report. These letters should also include a general evaluation of your participation and effectiveness in that particular ministry.

Please return your completed form and verification letters to
